Support Research and Scholarship at LSU

Left to right: Matthew Smith, Tara Jonell, and Kathryn Denommee accepting PNAS.

Newly crowned LSU Homecoming queen Emma Arceneaux and king Alex Lavrent Khachatryan.

Jorge Pullin, Horace Hearne Chair in Theoretical Physics, was mistakenly listed at $120,000 in last month's e-newsletter. The correct amount for NSF-EAR, 2013 - 2016, $348,244.

The grant amount for Bradley Schaefer, translation core leader, has been awarded the Louisiana Science Teachers Association's WIlliam Craig Outstanding research award.

Incorporation and Elimination of Molecular Oxygen Signal in rivers—the Red River, the Yangzi, the Irrawaddy, the Salween and the Mekong—were once a single powerful, the Economist.

The episode will air in January or February. We will keep you posted on the air date.

These findings are quite exciting especially for those studying the possibility of life outlandish to assume that the same type of single-celled organisms that exist today probably frozen and living beneath the planet's surface.

“It was so incredible, I don’t even have words to describe it. It is a dream come true.”—Tran, double major in secondary education; mathematics concentrated.
