### Departmental Colloquium

Thursday, 3:40 PM, November 17, 2011  
109 Nicholson Hall

"Ethical Misconduct in Science and Engineering"

James McGuire  
Tulane University

*Host: Ward Plummer*

• *Refreshments served at 3:15 PM in 232 (Library) Nicholson Hall* •

Ethical misconduct normally violates good professional standards but may not be illegal. Ethical standards vary in different areas of human conduct. As defined by professional societies, professional ethical standards for science differ significantly from those for engineering. Two case studies in ethical misconduct will be discussed. The first deals with sexual harassment. The second deals with issues of professional standards for publication in a long distance collaboration gone awry.
