null
The figure shows four graphs, each representing different data sets:

1. **H1 – Hanford 4k**: A graph showing duration in seconds on the y-axis and days since 12/28/01 18:00 UTC on the x-axis. The graph indicates two significant events, one on Jan 1 and another on Jan 1–2.

2. **H2 – Hanford 2k**: Similar to H1, this graph also shows duration in seconds and days since 12/28/01 18:00 UTC on the x-axis. It highlights two events, one on Jan 1 and another on Jan 1–2.

3. **L1 – Livingston 4k**: This graph also displays duration in seconds on the y-axis and days since 12/28/01 18:00 UTC on the x-axis. It shows three events: one on Jan 1, the second on Jan 1–2, and the third on 12.

4. **L1 – Livingston 2k**: Another graph showing duration in seconds and days since 12/28/01 18:00 UTC on the x-axis. It indicates two significant events, one on Jan 1 and another on Jan 1–2.
