SPECIAL INSTRUCTIONS FOR FINAL EXAMINATIONS AND REPORTING OF GRADES

All regular classes will be discontinued after 10:00 p.m., Saturday, May 3. University regulations require that final examinations be held. Where final examinations are inappropriate because of the nature of the course, exceptions to this requirement may be made upon approval of the appropriate department head, dean, or director, and the Office of Academic Affairs. **NO MEMBER OF THE FACULTY IS AUTHORIZED TO WAIVE FINAL EXAMINATIONS EXCEPT WITH APPROVAL AS PRESCRIBED.** Classes not included in this schedule are considered irregular and the dates of their examination shall be fixed by the instructor concerned, subject to the proviso that they be held no earlier than 7:30 a.m., Monday, May 5 and that they not conflict with this schedule. Except for night classes, classes which meet for two or more hours on the same day shall be examined at the time assigned for the first hour at which they meet. A laboratory class is to be examined on laboratory material at its last regularly scheduled period. Final examinations for Saturday classes will be given at their regularly scheduled class times on the Saturday of exam week. Classroom availability for Saturday exams must be cleared through the Office of the University Registrar. Final examinations in courses offered at night through the Evening School are to be given at the times shown for evening classes, regardless of any group exam times listed. However, if an Evening School class time is not listed on this exam schedule, instructors should clear classroom availability through the Office of the University Registrar.

Students having three or more final examinations in a **24 hour period** may request permission to take no more than two examinations on the day concerned. Requests for special arrangements will be considered only when the three or more examinations cover **more** than seven (7) hours of credit work. These requests should be made to the dean or director at the college or school in which the student is registered. The dean or director is authorized to determine which of the examinations is to be taken at a time other than originally scheduled; that decision is final. A student scheduled for examination in two subjects at the same group examination period shall report for examination in the class listed first in the above schedule; the instructor of the other class shall arrange a special examination for the student. In case of a conflict between a group examination and an examination in a class for which a group examination is not scheduled, the instructor of the class having the group examination shall arrange a special examination. So that instructors concerned may have adequate notice for rescheduling examinations, **students with schedule problems must have all arrangements completed by 4:30 on Monday, April 7.** Instructors will make no changes in the examination schedule without the permission of the department head and the dean of the college.

DEGREE CANDIDATES

Grades for degree candidates must be filed in the Office of the University Registrar no later than 9:00 a.m., Tuesday, May 13.

GRADES FOR ALL NON-GRADUATING STUDENTS ARE TO BE FILED AS SOON AS AVAILABLE, BUT NOT LATER THAN 9:00 A.M., WEDNESDAY, MAY 14. It is the responsibility of the department head to see that instructors meet the deadline for submitting grades.

The five-day grace period during the fall and spring semesters (Wednesday-Sunday) immediately preceding the week of final examinations will be set aside as a concentrated study period. During this time, no extracurricular student activities such as social or athletic events, will be held on- or off-campus, graded required course work (including exams, quizzes, and homework may count for a total of at most 10% of the student's grade in the course, class projects that have been scheduled and placed on the syllabus within the first two weeks of the academic semester are exempt from the 10% limit. The assumption is that work on such a project will take place throughout the semester. Laboratory courses are exempt from this policy. Any other exceptions must receive prior approval from the Office of Academic Affairs. Students should report any violations of this policy to the Office of Academic Affairs.
